

# KeyPAC Solo™ Vandal

- Supplied with 10 KeyPAC proximity ID tokens/cards
- Includes two master KeyPAC ID cards for programming
- Up to 50mm reading range
- Up to 2000 users
- Tamper protected
- Door monitoring
- Alarm output
- Proximity technology
- Five year guarantee

Solo uses KeyPAC technology and is only compatible with the new KeyPAC token/cards.

The **KeyPAC Solo™ Vandal** is impact resistant and especially suitable for external use in hostile environments. It is attractively styled in brushed stainless steel with dual LEDs and a built-in sounder which can be activated if a door is left open or forced. The vandal resistant KeyPAC Solo requires a special screwdriver (part no. 1950) to fit the vandal resistant screws supplied.

#### Product guarantees

KeyPAC Solo is encapsulated in a highly durable resin so that it is suitable for interior and exterior use. KeyPAC Solo carries a five year guarantee and KeyPAC tokens and cards carry a lifetime guarantee against electronic failure.

#### Main operational features

To gain access the user must present a valid ID (identification device) to the reader. KeyPAC Solo will only work with KeyPAC ID devices and not with the standard PAC ID devices.

#### Set/reset feature

You can also use KeyPAC Solo as a secure switch. This feature can be used to turn many types of equipment on and off (e.g. alarm system).

**Reading range:** typically up to 50mm.
