

Vicon® Industries is an industry-leading designer, manufacturer and marketer of video systems and components used for security, surveillance, safety and control purposes. Celebrating over 40 years in business, the company is unrivalled in experience developing video surveillance technologies. Vicon systems are employed worldwide in high-profile, enterprise-scale installations by a diverse range of customers, including governments, Fortune 500 companies, private and public institutions, and global transit and commerce hubs.

Vicon oversees its worldwide operations from its main headquarters located on New York's Long Island and a European headquarters in the UK. Sales, distribution and customer support are also provided from offices in Hong Kong and in Germany – by Vicon Germany, a wholly owned subsidiary. An extensive network of highly trained installing dealers, system integrators and distributors is responsible for product sales. The company is publicly traded on the New York Stock Exchange under the symbol "VII".
