

# Black Hawk Dome

.....with TWIN IR LAMPS

## External fully functional CCTV Dome with Dual IR Lamps

- Dual IR Lamps** ▶ Dual 830nm wide angle IR Lamps that pan and tilt with the Black Hawk Dome give excellent night time pictures for up to 100 metres.
- IP67** ▶ Industry leading IP67 certification giving "Protection to withstand total immersion in water for 30 minutes".
- Multi Protocol integration** ▶ The Black Hawk Dome range comes with Multi Protocols as standard allowing complete integration with many leading DVR's, Matrices and IP Systems. Protocols built-in include 'TwistedPair' control from 360 Vision, Honeywell, Pelco P/D, Ultrak with 'in-coax' control from 360 Vision, BBV/Dennard plus Pelco Coaxitron
- On Screen Display (OSD)** ▶ The Black Hawk Dome OSD enables full access to all functions using either 360 Vision control systems or 3rd party protocols.
- Advanced Motion Control** ▶ 360 Visions extensive Dome range, is driven by 360 Visions highly advanced motor control system, enabling extremely quiet, controllable and smooth with totally accurate operation and exact preset position selection.
- Economics** ▶ The Black Hawk Dome uses only the highest quality components for ultra reliability, combined with innovative design to support full remote diagnostics and reduce installation, operation and maintenance costs.
- Intelligent alarms** ▶ The intelligent alarm module allows up to 144 alarm inputs which can be remotely configured via the Vision matrix or any compatible third party system.
- Creative Privacy zones** ▶ 32 privacy zones are available with simple joystick positioning and sizing.
- Colour/mono cameras** ▶ The Black Hawk Dome range includes 18x, 28x and 36x zoom with Autofocus featuring ExView camera technology which gives excellent low light performance with frame integration for usable images as low as 0.01lux. 360 Vision software enables the colour/mono switch over levels to be set for specific lighting conditions.
- Picture freeze** ▶ The on-screen visible image can be frozen whilst the Black Hawk Dome moves to preset positions allowing efficient DVR recording.
- Fast shutter option** ▶ For optimum performance with automatic number plate recognition systems.
