ALARM LOCK

Remote Release PowerMag™
by Alarm Lock
RR-PM1200 Pak - Advanced 1200lb. Mag. And Infrared Remote Control

Remote Release PowerMag™ by Alarm Lock

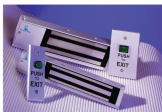

SYSTEM FEATURES

- Advanced 1200lb. Electromagnetic Lock with Innovative Infrared Remote Release
- The power of a mag with the convenience of pocket-size remote controls for reception or staffers.
- Complete turnkey system includes: Advanced 1200lb. Mag., one Remote Control, and plug-in AC transformer.
- Plug-in 12VAC transformer eliminates the requirement for pulling wires or employing an electrician's services
- Supports up to 100 individual remote controls (model no. AL-REMOTE)
- Remote controls release mag from either side of door
- Remote controls feature single button operation with positive "click" response.
- Remote controls are automatically-enrolled by system in easy programming mode and each is audibly and visually confirmed.
- Can optionally be powered by, or grouped together and powered by Alarm Lock Regulated Power Supplies (AL-P1A, AL-P3A, or AL-P6A).
- UL Listed; CE
