

SYMMETRY™ HD CAMERA ACCESSORIES

Symmetry HD network camera accessories allow a wider variety of installation options for the Symmetry range of advanced HD network cameras. The accessories offer a way to customize the installation of cameras to a company's specific needs for placement, whether they require pole, corner, wall or ceiling mounts.

The accompanying Symmetry range of advanced network cameras provides compact design, coupled with full HD technology and H.264 video compression to meet all your video surveillance needs.

Use the Symmetry network camera accessories in combination with the Symmetry cameras and Symmetry Video Management software to deliver a complete high performance, seamless video solution. A variety of options are offered to suit most installation requirements whether indoor or outdoor.

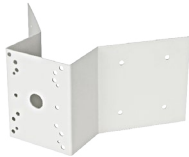

Using Symmetry network cameras in combination with market leading Symmetry Video Management Software delivers a high performance seamless video solution. Cost savings are also introduced as multiple or complex sites can be monitored from one central location. The Symmetry camera range is also operational with other leading Video Management Software applications.

Symmetry Video Management is an innovative open video management platform for both analog and digital video. The Symmetry system provides a complete solution including powerful options for live video management and the centralized NVR storage of video from the Symmetry cameras.

KEY FEATURES

- Compatible with Symmetry HD cameras
- Customize your specific installation with a wide variety of mounting options
- Durable solid construction for indoor and outdoor locations
- Allows for camera use in many different areas of any site
- Ceiling, wall, pole and corner mount options offered
- Dome coverage and flexible locations provide a larger viewing area, providing cost savings overall
