

# 2 Monitor Professional High Performance Remote Monitoring Workstation

The innovative Avigilon™ hardware solutions portfolio provides a secure, reliable, and scalable platform from small sites and large systems. Our high-performance HD remote monitoring workstation enables you to add to an existing Avigilon system for superior monitoring and protection.

The professional high performance remote monitoring workstations are designed to achieve the highest performance for a client workstation within an Avigilon HD Surveillance System. Pre-loaded with Avigilon Control Center™ Client software, the remote monitoring workstation is easily installed to accompany NVR products and to add an additional monitoring station to existing systems, with support for two high resolution monitors\* and up to a total of 72 video streams.

## KEY FEATURES

- Preloaded with Avigilon Control Center High Definition Network Video Management Client Software
- Supports up to two high resolution monitors\*
- Supports viewing up to 72 video streams simultaneously
- Desktop form factor
- Video adapters, keyboard and mouse included

\*Monitor sold separately
