Specially designed for small businesses, Portico Solo is a low cost, reliable, single door security and access control solution with a built-in alarm.

It is a stand alone, quick to install and easy to program system for up to 2000 users without the need for a PC interface. By simply presenting the card or tag to the reader (from either side of the wall), only authorised users have access in or out.

The ideal simple solution for controlling crime and protecting your assets and employees.
