The LTC 9210/01, LTC 9215/00, LTC 9215/00S, LTC 9219/01 and the LTC 9223/01 feed-through mounts are indoor/outdoor mounting units designed for fixed camera, or camera housing installations with up to a 9 kg (20lb) rated load. These models are made of lightweight aluminum and feature welded construction, providing an extremely rigid camera mount. In addition, the versatile swivel head rotates 360° and tilts 180° for maximum flexibility. The tubular feed-through design provides cable management from mounting head to mounting surface.

These mounts are compatible with the UHI Indoor Housing series and the UHO Outdoor Housing series. The LTC 9215/00S, has been designed specifically for the LTC 9480 Series housings, while the larger LTC 9215/00 and LTC 9219/01 can be used with the LTC 9480, HSG 9483, and the LTC 9488 Series camera housings. All mounts come fully assembled.
