

# Concept B1 Battery Smoke System

Concept's B1 is a robust and fully portable smoke system, operating from an on board 12vDC battery.

With a 400w capacity, the B1 is capable of producing a safe, controllable smoke on demand in areas where no mains power is available, and is an invaluable training aid in such conditions.

At maximum output, up to 10 minutes of smoke can be produced.

A suitable 110v/230v AC charger is included with every unit. Spare battery packs are available if required.

## FEATURES

- Instant, safe smoke, on demand
- No warm up time
- Dense, controllable smoke
- Completely portable
- Simple to Operate
- Low Chemical consumption (10ml/min at max output)
- Can produce smoke for up to 10min at maximum output
- Optional radio remote, cable remote and battery packs

Power	12vDC / 60A
Heat Exchanger	400W
Smoke Output	Up to 10 min at maximum output
Chemical Consumption	10ml/minute
Size	220 x 105 x 210mm high
Weight	5.5 kg
Battery Capacity / Charging Time	12v / 12Ah 13-14 hours
