Campus Access Control

## The One Card solution for securing campuses

Corbin Russwin Access 700® PAC1 lockset with PERSONA Campus™ software is an intelligent, One Card solution for economical and effective campus access control. The Grade 1 quality lockset – available with keypad and magnetic stripe, or magnetic stripe only versions – is a battery-operated lockset with on-board memory.

PERSONA Campus™ software technology provides seamless database integration and software interfacing with enterprise, transaction and housing systems.

Access 700 offline locks with PERSONA provide centralized security at a fraction of the cost of a hardwired system, as well as the top quality and high security you expect from Corbin Russwin.

Learn what the Access 700® PAC 1 Lockset with PERSONA™ can do for you

- › One Card Solution  
Seamless database integration and software interface with enterprise, transaction and housing systems.
- › Convenient overall administration  
Interrogate individual locks and perform system upgrades and changes quickly and easily.
- › Quality access control designed with campuses in mind  
An economical and effective solution for access control.
- › Issue cards at multiple locations  
Place terminals across campus, allowing administrators to issue new or replacement keycards in seconds.
- › Customize access  
Lets you define unlimited access, extended-hours access or no access, by user, by facility, down to the individual lock.
- › Assure security for every user  
A single keycard can provide user identification, building access, and parking privileges allowing for personalized security at its best.
- › Time-control user access  
Limit entry to specific areas and hours, controlling who goes where and when.
- › Audit event histories  
Allows you to interrogate locks, review event history, and prevent false accusations of entry and theft.
