

SECURE, TRACK & IDENTIFY PROPERTY WITH LABELS, MARKING & SECURITY PRODUCTS

ALL FROM **DANTECH** LIMITED

Theft from offices is on the increase and when assets like PC's or other equipment are stolen, the effect can be devastating. Now you can protect most of your office's valuable assets with DANTECH security and asset identification products as well as locks and cables - a complete range of security products that are easy to install and do not void manufacturer's warranties.

Now is also a good time to list all your equipment so you have a record in case of theft, fire or other circumstances - some insurance companies require proof before settling claims.

Asset & Security Labels

Mark your valuable assets with **Dantech** labels. *It is a good idea to keep a register of all your assets in case of theft or fire – some insurance companies will require proof before settling claims.*

Perhaps your company is a victim of 'asset misappropriation'? Discourage theft and fraud by labelling all your valuable equipment.

All labels have a **clear protective lamination** (except Ultra Destructible labels) to protect the printing from solvents and abrasion.

Labels have the best, extra strong, permanent adhesive available, which will adhere securely to most materials and last for years.

CHOOSE FROM THE 6 DIFFERENT STYLES SHOWN - or design your own.

LOGO INCLUDED FREE OF CHARGE if you supply a clean black print or disk - subject to sight of logo.

CONSECUTIVE NUMBERING + BAR CODE IS INCLUDED FREE OF CHARGE. We use Code 39 bar code unless you specify another.

Polycarbonate lamination will withstand the most extreme conditions including varying temperatures, chemicals and abrasion: **Add 15% to price.**

Prices include printing in one colour: **BLACK, RED, GREEN, BLUE, BROWN.** **Extra colour: Add 15% to price.** Colours shown are for guidance only.

When ordering please use order form on reverse and enclose a separate sheet showing rough layout.

MATERIAL CHOICE:

WHITE VINYL A durable, economical material. Strong, acrylic permanent adhesive. Supplied on rolls.

All prices per 100 labels.

Size/Qty	300 (min)	500	1000	3000	5000
38 x 19mm	£ 51.40	£ 37.55	£ 22.10	£ 13.95	£ 12.25
50 x 25mm	£ 53.25	£ 39.10	£ 24.30	£ 15.60	£ 13.65

SILVER POLYESTER Top quality material backed with a thick, permanent 3M adhesive suitable for textured surfaces. Supplied in strips of 10 labels.

All prices per 100 labels.

Size/Qty	300 (min)	500	1000	3000	5000
38 x 19mm	£ 58.40	£ 46.25	£ 31.85	£ 22.35	£ 19.00
50 x 25mm	£ 63.40	£ 49.80	£ 33.40	£ 25.10	£ 22.70

ULTRA DESTRUCTIBLE

Discourage theft, tampering or transfer. These labels cannot be removed in one piece - any attempt to remove will result in the label breaking into small pieces. Strong, permanent 3M adhesive.

All prices per 100 labels.

Size/Qty	300 (min)	500	1000	3000	5000
38 x 19mm	£ 51.40	£ 37.55	£ 22.10	£ 13.95	£ 12.25
50 x 25mm	£ 53.25	£ 39.10	£ 24.30	£ 15.60	£ 13.65

Asset & Security Labels

ID TRAKAMARK SECURITY PLATES

0.5 mm
aluminium plate

Exceptionally strong & safe
3M VHB industrial adhesive
Size: 64 x 38 mm

Pre-numbered (inc. bar code) for **FREE** registration on a secure, LPCB Approved Security Database for life.

Freephone and email address for reporting loss and to help recovery – or check if an item has been reported stolen. Each pack contains 4 individually numbered plates plus registration details.

Requires a **flat** surface for bonding. Plates can be customised to include your own name and logo. Min quantity 500.

STAINLESS STEEL PLATES These plates are 0.5 mm thick and have a heavy layer of 3M VHB industrial adhesive – **virtually impossible to remove**. Your name and details are etched into the steel surface and then colour filled. Sequential numbering is stamped into the surface. Fix to **flat** surfaces only.

All prices per 100 labels.

Size/Qty	100 (min)	300	500	1000	2000
38 x 25mm	£ 195.00	£ 121.00	£ 98.00	£ 85.00	£ 75.00

ALUMINIUM HEAVY DUTY SECURITY & ASSET PLATES

These plates are 0.3 mm thick, photographically printed onto the aluminium with your name and sequential number/bar code – then anodised to seal in and totally protect the print from abrasion, chemicals and adverse weather conditions plus a wide temperature range. Fix with the strongest available 3M VHB industrial adhesive, or screws/rivets, and they will require the use of tools to remove. Must be affixed to a **flat** surface.

For sizes, prices and other details please ask for data sheet.

All prices per pack of 4 plates.

1 pack	10	25	50	100	500
£ 22.50	£ 20.50	£ 18.00	£ 16.00	£ 14.50	£ 12.00

ID MARK – Indelible security marking

The indelible security marking system

ID MARK is a permanent visual security marking system that can be used with confidence on most plastics and other porous surfaces.

ID MARK is a stencil system that comes with a marking compound which enables you to permanently mark most items. It is applied using precision cut stencils produced on high-tech machines that enable volume orders to be produced with ease.

Research shows that equipment that has been marked in this manner is of little interest to thieves. They tend to avoid stealing marked property as it could prove difficult to dispose of.

Both police and insurance companies recommend permanent security marking and in certain cases can be specified as a condition of cover. **ID MARK** meets Home Office guidelines for permanent marking.

Quick and simple to apply, your equipment is permanently marked within a few minutes.

Consecutive numbering for asset management can easily be included and it is an ideal opportunity to make an asset register listing all equipment, at the same time as security making it.

Applications include:

- Computers
- Printers
- Lap Tops
- Fax Machines
- Monitors
- Scanners
- Phones
- Copiers

A further deterrent to theft are the **ID MARK** Protective Warning Labels. These low cost labels have a clear window, are highly visible and designed to be placed on top of the security marking.

Price: 12p each.

FREE! WARNING LABELS WITH EACH ORDER

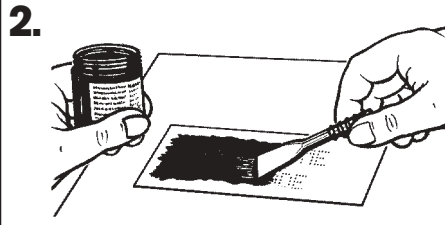

ID MARK security marking & ID Trakamark

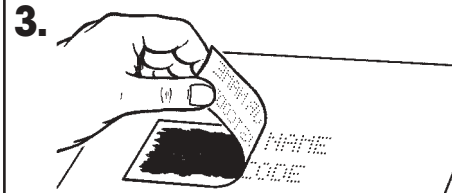

EASY APPLICATION – Simple as 1...2...3

1. To apply ID Mark simply remove the backing paper of the stencil and affix to surface of item to be marked

2. Apply ID Mark compound evenly over the stencil with the spatula supplied

3. Leave paste to dry for two minutes, peel off the stencil and your security marking is now permanently etched into the surface

Select a style for your ID MARK indelible marking system

PRICES BELOW ARE **PER STENCIL** AND INCLUDE RED, BLUE OR WHITE MARKING COMPOUND AND WARNING LABELS FOR DOORS AND WINDOWS. CONSECUTIVE NUMBERING: 5p **EXTRA** PER STENCIL.

ID MARK Standard

IDTRAKAMARK LABELS

Each pack contains: 5 label stencils, 1 bottle of UV ink and applicator plus registration form and full instructions.

Database registration is on the Kodit Database which is fully accredited by the Loss Prevention Certification Board to LPS1224 and ISO 9002 assessed. Your information is **totally secure** and available to the police only, 24 hours a day, to help recover and return your property.

SECURITY MARKING SYSTEM *plus* DATABASE REGISTRATION

A new concept in security marking. The special labels are in fact stencils with a personal, unique ID number. The labels are applied to your valuable items and then "painted" with a special UV ink through the cut out ID and Freephone numbers.

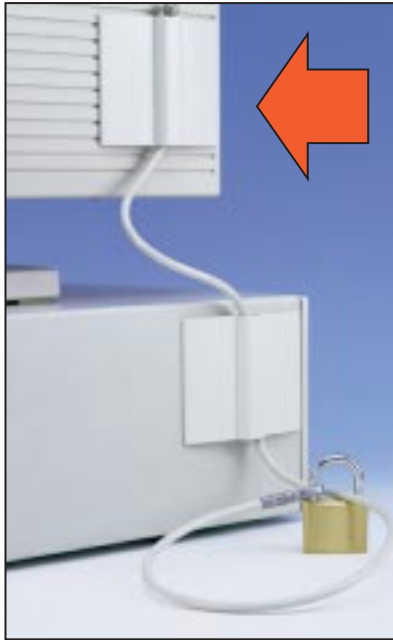

The labels are made from a special material which cannot be removed in one piece and it will break into small pieces if removal is attempted. Even if the label is forcibly removed the numbers will glow visible if viewed under an UV lamp, as used by the police, to identify your property.

Secure database registration of 5 items for life is also included in the price.

Price per pack to mark 5 items £8.45

Lock up your computers with our locks & cables

All Dantech Computer Lock Kits provide a simple yet highly effective physical and visible deterrent to computer / equipment theft.

Universal Plate Kit

Large, 80 x 100mm, solid metal plates with ultra strong industrial adhesive will adhere to most flat surfaces, then simply weave the strong 1500mm long cable through the plates and lock in place with the double locking solid padlock supplied.
