

RAID

High capacity, long term, resilient, hard disk storage

RAIDs are high capacity external hard disk expansion units that provide additional long-term storage capabilities for Dedicated Micros digital video recorders. When you connect one or more RAID devices, Digital Sprite DVRs automatically detect the available capacity, seeing them as one large storage space.

INCREASED STORAGE CAPACITY

Each RAID gives DM DVR users up to 180 days of extra storage in 24-hour time-lapse mode (6pps & 18KB file size with formatted 2.4TB RAID).

EASY SET-UP AND USE

The RAID simply connects to the DM DVR's SCSI port, using the cable provided. Digital Sprite DVRs will prompt you to import any previously recorded images, or use the RAID as a new disk, after which it will automatically record to the RAID and allow playback, search and archiving as if the RAID were a factory-fitted disk.

ABILITY TO RECOVER DATA

RAID units come pre-configured and tested at RAID Level 5. This RAID level reserves a disk to store error-correcting information, giving you the extra assurance that, in the unlikely event of a disk failure, no data is lost. Disks and power supplies can also be hot-swapped without affecting recording.

CHOICE OF STORAGE OPTIONS

RAID units are currently available with six or eight hard disks, with capacities of 1.2TB and 2.4TB. Please contact customer services or visit our website – www.dedicatedmicros.com – for the latest available disk capacities.

MULTIPLE RAID OPTION

Each DM DVR can have up to a maximum of seven mixed external SCSI devices e.g. several RAID units and an external CD Writer.

benefits

- 2U RACK MOUNT CHASSIS FOR HIGH STORAGE DENSITY APPLICATIONS
- RAID MIRRORING OR PARITY TO PROTECT AGAINST HARD DISK FAILURE
- DUAL HOT SWAP POWER SUPPLIES FOR NON-STOP MAINTENANCE
- DUAL ULTRA160 SCSI HOST CHANNELS ALLOWS 2 DVR UNITS TO SHARE RAID
- ULTRA ATA-100 HOT SWAP E-IDE DISKS FOR HIGH-SPEED DATA TRANSFER
- PRE-CONFIGURED AT RAID LEVEL 5 FOR MAXIMUM PROTECTION
- AUTOMATICALLY STARTS REBUILD WHEN DISK IS HOT SWAPPED FOR EASE OF MAINTENANCE
- FACTORY FORMATTED AND TESTED WITH DM DVRs FOR COMPLETE PEACE OF MIND
