DNR-108/80

Digital IP Recorder, (8 Channel), 80Gb
12VDC/230VAC

Art-Nr. 71856

71856

Features

For ENEC IP Camera Series ENC-100xP
MJPEG Video Compression
Image Resolution of 720x544 Pixels max.
Recording Rate: 50 Fields/Sec.
Integral 80Gbyte Hard Disk
Hard Disk Capacity: 320Gb max. (total)

Archiving via Removable Hard Disk (HDD optional)
SD Memory Card for Storage and Firmware Upgrade
Audio and Alarm Input and Output
Pre and Post Alarm Recording
Various Recording Modes
Composite Video Monitor Output

Specifications

Data interfaces	SD-Card
Image quality control	720x544; 352x272
Video standard	PAL/NTSC
Supply voltage	12VDC (PSU 100-240VAC, 50/60Hz included)
Hard drive disk	up to 2 internal 80Gb IDE HDD (1xfix, 1x changeable HDD up to 250Gb)
Remote configuration	Via Browser on each Windows-PC over LAN
Network	10/100 Base-Tx, RJ45
Audio input	1xRJ45 (audiobitstream in videobitstream embedded)
Pre-alarm recording	up to 128 pict/sec. (manually adjustable)
Backup	Notification: Daily/Weekly/Monthly with changeable HDD
Displays	OSD - Menue (Monitoring Output)
Recording	Schedule, Manual, Alarm/Circular
Storage media	Internal: 2 HDD (1x fix, 1x changeable HDD up to 250 GByte)
Video inputs	1x RJ45 (VideoBitStream)
Video outputs	1x 1Vpp, 75ohms, BNC
Recording speed	max. 50Fields/sec.

DNR-108/80

(Specifications continued)

Audio output	1x line out (1Vpp), Cinch connector
Compression standard	M-JPEG
Alarm outputs	1x open collector (12VAC/100mA)
Software upgrade	Via SD-Card
Password protection	Two level (administrator and user)
Interfaces	1x RS-232 or 1xRS485; SD-Card
Dimensions (HxWxD)	89x220x340mm
Weight	3.5kg (with 80Gb HDD)
Parts supplied	Power supply unit, Mains connection cable, Viewer CD ROM, Screw and wrench set, Manuals

Accessories

91418 / ENC-1001L	1/3" Network Colour Camera w. CS Mount
