DESCRIPTION

PRICE ON REQUEST

MARINE is the vandal-proof audio and video door entry panel from FERMAX.

MARINE is one of the most resistant outdoor panels because of its high quality, on both materials and production processes. The stainless steel resistance combined with Fermax's technology and design.

MARINE is a door entry panel for those projects requiring a higher level of security or places with adverse or extreme climate conditions.

Within the MARINE line, the exclusive, bespoke range MARINE ELITE allows a total freedom of imagination and creativity: any colour, size, composition or laser marking.
