

Walltop Systems

Gallagher's low-cost electric fence solution for walls, roofs and fences

Gallagher's electric fence Walltop Systems provide a flexible and lightweight perimeter security solution, and are ideal for both small and large sites.

Key features and benefits:

- For wall or fence top
- Can be mounted vertically or horizontally, or any angle inbetween
- No special tools required
- Mount to structures where a full-sized fence is unsuitable or where a topper is required
- Active deterrent and detection
- Flexible breakaway insulator hampers any climb-over attack, and enhances alarm generation
- Compatible with all Gallagher fence controllers
- Low tension (5kg spring) prevents structural distortion.

When combined with a Gallagher fence controller:

- Fully networked or standalone
- Regulated electrical pulse sent around the fence
- Immediate alarm raised if climbing or cutting of the fence is detected

Gallagher Walltop Systems

Rated continuous load	5kg maximum per wire	
Operating temperature	-20° to 60°c	
Compatible wire	1.6mm aluminium	G93210
	2.0mm aluminium	G93230
Plastic parts	UV stabilized (outdoor rated)	
Metal parts	Aluminium, or zinc base protective coatings (outdoor rated)	
Controller compatibility	All Gallagher electric fence controllers and Gallagher Fence Integrity Monitor	

Part Numbers

G27546	Walltop Strain Insulator
G20535	Walltop Strain Support (1100mm)
G20534	Walltop Strain Support (700mm)
G22104	Walltop Strain Spring
G20696	Walltop Strain Support Lug
G20606	Walltop Strain Support Set - Screw, Nut & Washer
G22406	Link-up Sleeve Crimp (1.8mm)
G602603	Warning Sign
G269xx	Sleeve Insulator
G26845	Sleeve Insulator Cap
G205xx	Security Rod
