- ▶ PART Set when the property is occupied
- ◀ NIGHT Set when going to bed.

Features

- 8 fully supervised programmable zones
- Programmable zone function per area set
- Built-in communicator
- Built-in software modem for up/downloading
- 10 different zone types including fire
- Choice of LED and Icon Keypads
- Up to 4 stylish remote keypads with backlit keys
- Built-in panic attack facility
- 8 user codes
- 3 setting options of:
 - FULL Set
 - ▶ PART Set
 - ◀ NIGHT Set
- Selection of wiring options include:
 - Normally closed loops
 - Supervised double pole
 - USA End Of Line
- Technistore remote reset for all 256 versions
- Duress code options
- Easy set option
- Full 250 time and date stamped event log
- Event log printer option
- Space for 7Ah Battery

The new Accord Icon keypad

Exclusive to the versatile xpC control panel, this stylish keypad offers the end-user a simple, easy to follow setting procedure.

Setting the system is as simple as entering a personal security code and then:

- FULL Set
- ▶ PART Set
- ◀ NIGHT Set

Unsetting the system is achieved by simply entering the personal security code.
