# Enterprise Systems

The Pro-Watch Platform offers a complete security management solution including: access control, alarm monitoring, digital video, CCTV, video badging and visitor management functionality. Our innovative Pro-Watch solutions deliver advanced protection in a highly reliable, easy to provision and operate package, ensuring complete customer satisfaction. Pro-Watch software is available in three scalable versions designed to meet the requirements of organizations of differing sizes and security needs: Pro-Watch Professional, Corporate, and Enterprise Editions.

Key Features and Benefits

• Certified for Microsoft® Windows® 2000 Professional and Server.

• Integration with Rapid Eye and Fusion Digital Video Recorders and Digital Video Manager.

• Extensive API for customized interfaces.

• Multiple database partitioning.

• Direct import of AutoCAD drawings with layer views

• Multiple Database Processing uses the latest Microsoft database engine technology (OLE-DB)

• Hand Geometry template storage and administration through the Pro-Watch application

• Windows 2000 Terminal Services support

• 128-bit data encryption between host and controllers.

• Integrated Badging and CCTV functions with a single user interface eliminate the need for multiple software / hardware packages and redundant data entry.

• Flexible software licensing packages and hardware components allow the system to be tailored to individual customers.

• Operator keystrokes are reduced by using macros to combine operations into a single keystroke or mouse click.

• Integrated real point status monitor allows for quick evaluation of point status.

PRO-WATCH PROFESSIONAL EDITION SOFTWARE

Pro-Watch Professional Edition is an economical solution designed specifically for small to midsize organizations. Pro-Watch Professional operates efficiently without the requirement of a server-based operating system; utilizing the Microsoft Data Engine (MSDE) to provide a powerful solution.

PWPESW

Pro-Watch PE Server Software for MSDE

(1) Server License, (1) Concurrent User Licenses, (1) Concurrent Badging License, (32) Readers License

PWPESWCL
