

Xpro

- **For the Discerning Installer**
- **Large Area for Logos**
- **Wide Angle Lens**
- **Unique Styling**
- **High Reliability**

Features:

- Durable 3mm polycarbonate case
- Enclosed electronics
- Two tamper protection devices:
 - Cover removal
 - Removal of unit from wall
- Piezo sander provides up to 105dB(A) sound level at 1m
- High visibility xenon strobe giving excellent visual alarm signal
- Dual flashing comfort LEDs
- Optional SCB mode of operation enables sander to operate from internal battery power, allowing several units to be connected to a single control panel without risk of overloading the panel power supply
- Complete with 6V NiMH backup battery
- Selectable 9 or 15 minute cut-off timer to conform with noise abatement guidelines
- 2 year warranty

Flashguard Sander products come with the following benefits:

- FREE Technical helpline
- Comprehensive logo design and screen printing service
- Fully BS4737 and BS EN50130-4 compliant
- Compatible with any control panel
- Fully weather resistant to IP55
- Conformally coated electronics for complete protection against moisture
- Simple to install:
 - 5 second first fit test feature eliminates need to make more than one trip up the ladder
 - Fixing screw kit provided
 - Drilling template on carton

Specification:

Sounder type:	Single piezo (second piezo available as optional extra)
Sounder output level @ 1m:	105dB(A)
Strobe frequency:	1Hz
Supply voltage:	10-15V
Current (Sounder):	300mA
Current (Strobe):	100mA
Current (Standby mode):	35mA
Battery:	6V 250mAH NiMH
Dimensions (H x W x T):	375mm x 225mm x 67mm

Decoy Units:

- Supplied with substantial moulded mounting brackets as standard
- Flashing LED module is available, providing a high intensity output from twin alternating LEDs, adding realism to a decoy unit (requires permanent 12V supply)
