DX-TL4509E/EZ

STAY ON THE SAFE SIDE WITH YOUR SURVEILLANCE.

Make no compromises when it comes to the security of your company. With the DX-TL4509E/EZ, you have a reliable partner in all aspects of long-term video recording and archiving.

The triplex function of the DX-TL4509E/EZ offers you maximum flexibility: you can conveniently record, playback and monitor live images simultaneously. And thanks to its dual multiplexer output, you can watch live surveillance while viewing recorded footage from the archive. All images are stored in JPEG2000 format. Optimum compression guarantees enormous recording capacity and precise calculation of remaining recording time.

Using optional hard drives, you can expand the data storage capacity to a huge 8 TB. To make archiving as easy as possible, an integrated CD/DVD writer is included as standard equipment.

HIGHLIGHTS

• Dual multiplexer output
