New From NAPCO Gemini

GEM-RTRANS

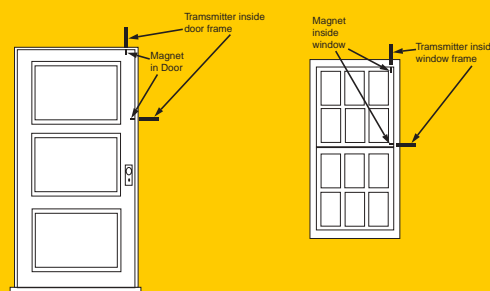

RECESSED WIRELESS WINDOW/DOOR TRANSMITTER

“The same Gemini crystal-control range and reliability performance proven superior in independent tests!”

- Powerful Wireless Transmitter
- White Housing, Magnet & Hole Cover
- Long-life 3V Type DL123A lithium battery supplied (Field-replaceable 5 year battery).
- UL Listed

GEM-RTRANS RECESSED APPLICATIONS:

Even faced with metal door frames and/or metallic-sided insulation, this product features Gemini crystal-control and omnidirectional tank circuitry alignment specifically designed to avoid obstructions for maximum signal “punch-thru” and reliability.
