

## Standard Plus Proximity Reader (actual size)

- Proximity technology
- Lifetime guarantee
- Easy to use
- Easy to install
- No moving parts
- Very reliable

The PAC Standard Plus Reader has an attractively styled ABS housing and is available in black or white. The screw heads are covered by a 'clip-in' decor panel which can be easily replaced if the front of the reader becomes damaged. It also has a built-in sounder which can be programmed to issue a local alarm when a door is left open or forced.

The Standard Plus Reader is designed to fit a standard MK backbox as well as several European makes of backbox. These can be supplied by PAC.

### Product guarantees

PAC proximity readers carry a lifetime guarantee against electronic failure and are encapsulated in a highly durable resin so that they are suitable for interior and exterior use.

### Main operational features

To gain access the user must present a valid PAC ID (identification) device to the reader. The LED will change from red to green showing the lock has been released.

Reading range: 0-5cm

### Compatibility with other PAC products

Reader Type	System			
	Easkey	Easkey 1000	PAC 2100/1100	PAC 2200
Standard Plus	✓	✓	✓
