

- Proximity technology
- Lifetime guarantee
- Easy to use
- Easy to install
- No moving parts
- Very reliable

The PAC Slimline Reader has an attractively styled ABS housing and is available in black or white. The screw heads are covered by a 'clip-in' decor panel which can be easily replaced if the front of the reader becomes damaged. The reader also has a built-in sounder which can issue a local alarm when a door is left open.

Product guarantees

PAC proximity readers carry a lifetime guarantee against electronic failure and are encapsulated in a highly durable resin so that they are suitable for interior and exterior use.

Main operational features

To gain access the user must present a valid PAC ID (identification) device to the reader. The LED will change from red to green showing the lock has been released.

Maximum reading range: 0-5cm

Compatibility with other PAC products

Reader Type	System	Easikey	Easikey 1000	PAC 2100/1100	PAC 2200
