Specifications

Model: EVERSITCH/HID keypad/reader

Part numbers: 39201407

Material: Brushed aluminum

Output formats: Wiegand depending on Card

Prox Power Supply: 8 to 15 VDC

Communication: Wiegand 26

Power consumption: Max 150mA

Transmitter/Receiver frequency: 125 KHz HID card/tag reader

Environment: IP68, 100% relative humidity

Operation temperature keypad: -40° to +125°C

Operation temperature reader: -30° to +65°C (22° to 150° F)

Guaranty

Product guaranteed against defects and workmanship for 5 years (See guaranty policy for details).

Third party system such as prox, smart card, card reader system warranted back to back as per the manufacturer warranty.
