

## Anti vandal Multireader

cat. 39201463

Supports I-Class, Mifare & DESfire

The EVERSITCH anti vandal 13.56 MHz HID reader provides the ultimate solution for users operating in harsh environment high traffic areas or need weatherized door units.

**Indoor/Outdoor design:** Sealed in a rugged, weatherized Aluminum enclosure the EVERSITCH is designed to withstand harsh environment, providing reliable performance and is vandal and tamper proof.

**Easily interfaced:** Wiegand output model interfaces with all existing Wiegand protocol access control systems.

**The EVERSITCH / HID is:**

- Vandal proof
- Tamper proof
- Weather proof
- Water and dust proof (IP68, 100% humidity)

BIOMETRIC  
SMART CARD  
MAGSTRIPE

## Specifications

**Model: EVERSWITCH iCLASS / MIFARE / DESFire Reader**

Part number: 39201463

Material: Brushed aluminum

Output formats: Wiegand depending on Card

Power Supply: 9-14V DC

Power consumption:  
Aver. 70mA Peak 250mA

Transmitter/Receiver frequency:  
13.56MHz

Environment: IP68, 100% relative humidity

Operation temperature reader:  
-30° to +65°C (22° to 150° F)

## Guaranty

Product guaranteed against defects and workmanship for 5 years (See guaranty policy for details).

Third party system such as prox, smart card, card reader system warranted back to back as per the manufacturer warranty.
