## 8 Camera 12VDC 5Amp Power Supply

The PWR-12DC-8-5 is a CCTV power center engineered to manage remote camera and accessory power requirements. The PWR-12DC-8-5 distribution module is designed with 8 individually fused outputs for powering up to 8 CCTV cameras and accessories. It will provide 12 VDC via distribution to eight fused outputs with a total of 5 Amps continuous supply current. The PWR-12DC-8-5 power center is housed in a premium lockable heavy gauge metal enclosure.

### Key Features

- Convenient screw and terminal and fuse access
- Lockable heavy gauge metal enclosure
- Individual LED's for each fused output
- Multiple knockouts to accommodate various wiring configurations
- Uses easy to find automotive style fuses
