

IN100 Locks

Wireless possibilities for
online access control

SARGENT
ASSA ABLOY

ASSA ABLOY, the global leader
in door opening solutions

Security, Safety, Compliance

In today's changing world, access control is the first and often the easiest line of defense against many risk factors, providing the traceability and control necessary for compliance with the numerous regulations now in place. With SARGENT Aperio-enabled IN100 locks, access control is easy and affordable, offering easy expansion of existing access control systems to bring a new level of control and accountability to your facility.

Redefining wireless access control

Aperio Technology

- Minimal field configuration for quick, easy wireless deployments that eliminate the cost and inconvenience of complex wireless site surveys
- Fully-encrypted AES 128 wireless communication between the IN100 lock and Aperio hub; high security standardized communications ensures data security
- Global Aperio technology is ideal for companies who wish to deploy a standard infrastructure across multi-national locations
- Available across a range of locking hardware from ASSA ABLOY Group brands, Aperio provides the flexibility to address a variety of applications throughout your facility.

MicroShield®

As part of their promise to provide innovative solutions to their customers, certain ASSA ABLOY Group brands offer the MicroShield® technology, a silver-based antimicrobial coating designed to inhibit the growth of bacteria.

MicroShield® is a registered trademark of Yale Security Inc., an ASSA ABLOY Group company.

IN100 Features & Benefits

- Integrated reader, monitoring and short range wireless radio simplifies installation and reduces material costs
- Real-time door status monitoring with REX, DPS, tamper, and low battery signals offers the ability to respond immediately to situations at opening
- SARGENT hardware, available in: 10 Line Bored Lock and 7900 Series Mortise Lock, offers the flexibility to support a variety of openings
- Supports HID® 125 kHz or 13.56 MHz iCLASS® contactless credentials (full authentication, all formats); integrates easily with existing credential systems

Other ASSA ABLOY Aperio Products

ADAMS RITE A100

HES K100

MEDECO M100

SARGENT PR100

Aperio is supported globally by a growing list of access control systems.

Please contact your local ASSA ABLOY Door Security Solutions sales consultant for more information on integrating Aperio with your access control system.
