CAMERA HOUSING ACCESSORIES

Shawley provide wiper/washer units to accompany its camera housings for use in all weather conditions. Well engineered and reliable, the products are designed to maintain the performance levels of the most sophisticated system.

- 240vAC / 110vAC / 24vAC
- Manufactured from mild steel sheet for strength and to give the camera protection from the electromagnetic effects of the motor
- Oyster hammer polyester powder coating over zinc plate and passivate for maximum durability
- Stainless steel shaft and fittings
- Full weatherproof sealing
- Selection of camshafts providing maximum sweep on all Shawley housings
- Wiper blade self parks when switched off
- 240vAC / 110vAC / 12-24vDC
- Two sizes available: 5 litre (W14/05) and 25 litre (W14/25)
- Separate compartments for electronics and pump
- Rigid cradle structure to facilitate easy removal of reservoir
- Standard unit pumps an 8 metre head of water with higher capacity available if requested
- Nozzle bracket attaches to W486 wiper units when fitted on Shawley housings.

NOTE: Spare wiper arms/blades, washer tubes, nozzles and pumps are available from Shawley
