	Geo-positioned aerial photo or site-map of a specific facility.	For use with SightMonitor coordination and target display software.	SL-SM-MAP

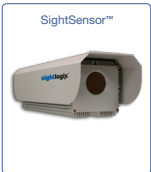

Cables

Item	Description	Part Number
SightSensor Cable 10' (3m)	Pre-terminated for SightSensor; Power and Ethernet	SL-CAB-010
SightSensor Cable 50' (15m)	Pre-terminated for SightSensor; Power and Ethernet	SL-CAB-050
		
Item	Description	Part Number
Universal Cable 10' (3m)	Pre-terminated for SightSensors or SightTrackers requiring I/O; Power I/O and Ethernet	SL-CAB-U10
Universal Cable 50' (15m)	Pre-terminated for SightSensors or SightTrackers requiring I/O; Power I/O and Ethernet	SL-CAB-U50
		
Item	Description	Part Number
26pin Mil Type Connector	Connector and bend relief kit for SightSensors or SightTrackers; solder cup termination	SL-CON-K1
		

Mounts and Brackets

	Item	Description	Part Number
	Heavy Duty Adjustable Head for mounting SightSensors to Pelco EM1109, EM2000 and EM2200 mounting brackets. Pelco brackets are not included in this kit and must be purchased separately.	Recommended to increase mounting stability for Visible and Thermal SightSensors used for accurately detecting man-sized objects at ranges over 300m.	SL-MNT-HD1
	Heavy Duty Adjustable Head for mounting SightSensors to Pelco PM105, EM22 and MM22 mounting brackets. Pelco brackets are not included in this kit and must be purchased separately.	Recommended to increase mounting stability for Visible and Thermal SightSensors used for accurately detecting man-sized objects at ranges over 300m.	SL-MNT-HD2
	Heavy Duty Adjustable Head for mounting SightSensors to Pelco WM2000 mounting brackets. Pelco brackets are not included in this kit and must be purchased separately.	Recommended to increase mounting stability for Visible and Thermal SightSensors used for accurately detecting man-sized objects at ranges over 300m.	SL-MNT-HD3
	Heavy Duty Adjustable Head for mounting SightSensors to Bosch LTC9214, LTC9224, LTC9216 and LTC9222 mounting brackets. Bosch brackets are not included in this kit and must be purchased separately.	Recommended to increase mounting stability for Visible and Thermal SightSensors used for accurately detecting man-sized objects at ranges over 300m.	SL-MNT-HD4
	Mounting Bracket Kit for SightTracker enclosures.	Kit includes Wall, Pole and Din Rail mounting brackets.	SL-MNT-ST1

Extended Temperature Range Certification

	Item	Description	Part Number
	Extended temperature range certification and testing (-40C to +70C) for Thermal SightSensor and SightTracker products.	This testing adds the suffix -XT to the unit part number. Not available for Visible SightSensors.	SL-CSTM-XT

Extended Warranty

	Item	Description	Part Number
	SightLogix Extended Warranty for SightSensor and SightTracker.	Single 12 month extension for each device. Covers repair of products returned to factory. Parts, labor and standard return shipping charges.	SL-EXT-WTY
