ORDERING INFORMATION

Part Number: 4420-2090. Description: EXgarde PRO

Part Number: 4420-2094. Description: EXgarde PRO feature upgrade

DVR Support

Part Number: 4420-2200. Description: Baxall MDR / Vista Columbus Triplex²

Part Number: 4420-2201. Description: Panasonic HDR300

Part Number: 4420-2202. Description: Bosch (Matrix Functionality)

Part Number: 4420-2203. Description: Dedicated Micros Digital Sprite 2

Biometric Support

Part Number: 4420-2300. Description: Panasonic Iris ET200 / ET300 / ET330

Part Number: 4420-2301. Description: Bioscrypt V-Series fingerprint readers

Part Number: 4420-2303. Description: TDSi PALMgarde palm vein reader

Part Number: 4420-2304. Description: Suprema BioEntry / BioEntry Plus / BioLite Net / BioStation

ADDITIONAL

Applications

Part Number: 4420-2400. Description: EXtour Guard Tour Application

Part Number: 4420-2401. Description: EXvisitor Visitor Management Application

Part Number: 4420-2402. Description: Integration pack (Fusion, OPC and API with half a day telephone support)

Part Number: 4420-2403. Description: EXnotify remote notification to wireless PDA, E-mail and SMS

External Control

Part Number: 4420-2500. Description: Lift control

Part Number: 4420-2501. Description: Intruder control

FEATURES & BENEFITS

Expansion options cover a wide range of industry leading equipment

Tailor the software to match your precise requirements.

Support for industry leading Digital Video Recorder (DVR) manufacturers such as Baxall, Dedicated Micros, Panasonic, Vista

View live camera feeds from within EXgarde PRO. Tag access events to facilitate rapid searching of footage.

Comprehensive integration pack for connection to third-party software and database applications using EXfusion and Microsoft® OPC server

Connect to third-party databases using these tools. Allows the automatic population of card holder details and events into other systems including time and attendance.

Support for biometric technologies such as iris, finger print and vein pattern recognition

Enrol users and distribute templates from within EXgarde PRO. Removes the need to run multiple applications.

EXtour application provides confirmation that a guard tour is being completed in the allotted time

Utilise readers within the existing TDSi access control system to manage the tours of security guards.

EXvisitor Visitor Management frontend allows the effective management of personnel visiting the site

Efficiently manage the scheduling and booking of visitors to site through an simple-to-use, intuitive module

EXnotify forwards pre-selected events to SMS, e-mail or pocket PC running a Pocket Notifier application using Wi-Fi

Provides a means of viewing selected access events and alarms while mobile.
