Type

Order No.

0958-101

Ten-pack of ISO thin cards (unprog.)

GBI: 51-303

The 0958-101 is a factory-encoded ISO laminated passive card that does not include a battery. It is ideal for photo ID applications as it can be custom-printed. When it is used with a Cotag hands-free reader, the reading range is approximately 33 cm. With Cotag proximity readers, the reading range with the 0958-101 varies between 3 and 10 cm.

Quantity in order: 10

Dimensions (W x H x D) 54 x 86 x 0.76 mm
