

17" (44cm) Colour Video Monitor

CMCC1725

-
- High Performance
 - Unique Siemens design
 - Corporate Design product.
 - A range that meets requirements of middle and standard range applications
 - NTSC / PAL auto-sensing
 - CE & UL Approval
 - A simple colour solution

The Siemens CMCC1725 high resolution colour video monitor is well suited to CCTV surveillance tasks where a cost effective solution is needed and good picture quality and monitor reliability are very important. Designed to fit in with the Siemens Corporate Product range the unit has the same design features as the other monitors in this range and will provide a professional finish to installations. The controls situated on the front panel are simple to operate. There are two BNC video input connectors and two corresponding BNC video output connectors on the rear panel of the unit. Termination switches on the rear panel will allow installers to correctly set the input impedances.
