

W7KP10 / W7LKP10

SiRoute™

Keypad and Language Kit

with SiRoute™ wireless technology

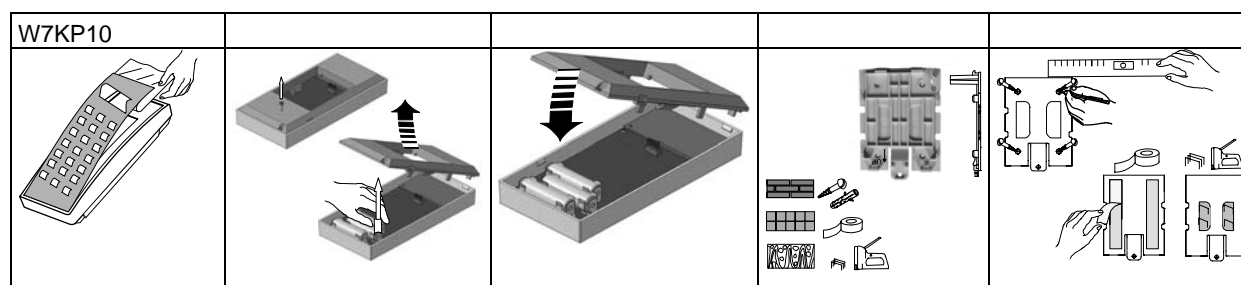

- Keypad for security systems with control panel series ICW700
- LCD Display with two lines
- Function and numeric keys
- Arming keys and personal alarm key

Professional remote control. The keypad W7KP10 is the appropriate way to manage the S-Box ICW700 family from remote. The EasyClick modular concept is also applied on this keypad. The same RF module which is used for installing the SiRoute™ devices can be used for mounting on the keypad W7KP10.

Easy handling. Configuration, number of users and PIN's are defined with the installer tool W7SW20 and afterwards downloaded via programming cable out of the installer tool kit to the keypad.

Effective. By the usage of keypad W7KP10 partitions can be armed to home/away and disarmed by defining in each case the exit and entry time. Three different personal alarm keys are at hand: Fire alarm key, medical alarm key and panic alarm key. Function keys can be selected from a list.

Accessories and dimensions

Technical data

LED function	trouble alarm state
– orange	
– red	
– green	
Current consumption (min./max.)	.. mA / .. mA
Batteries	3 x 1.5V alkaline
Lifetime	approx. 1 year
Transmission protocols	
– ICW710 analogue	SIA, contact ID
Environmental conditions	
– Operating temperature	0 ... + 55°C
– Storage temperature	- 20 ... + 60°C
– Air humidity (EN 60721)	< 95% rh, non-condensing
– Housing protection (EN 60529, EN 50102)	IP30
Consists out of	Blende User manual for W7KP10
Housing	ABS
