

## 1-Bay Micro Client Viewing Station Integrated with Milestone XProtect® Smart Client

### Capable and Affordable Performance, Built for Deployment Versatility

Integrated Intel® UHD Graphics 630 offers powerful performance for video data viewing, while keeping a light footprint. The VSS-MS-1M-W offers video grade SATA storage and an Intel® 9th Generation Core™ processor for fast and stable performance. The 9th generation processor provides nearly 20 percent higher computing potential than its previous 8th generation processor counterparts.

This micro client viewing station offers unrivaled deployment flexibility, allowing for its small chassis to be deployed in any business environment. With up to 32GB of DDR4 RAM, this solution is optimal for a variety of projects.

#### Keep Your Hard Drive

With Video Storage Solutions' Keep Your Hard Drive warranty, your sensitive data and hard drive never leave your control. It also helps you comply with current data privacy regulations and internal company policies by ensuring sensitive information on your hard drive is not compromised, mitigating the risk of expensive civil litigation if confidential customer data or intellectual property were to be exposed.
