

## 1-Bay Tower Client Viewing Station

Integrated with Milestone XProtect® Smart Client

### Economical and Powerful Mini-Tower Client Viewing Station

The VSS-MS-IT-W mini-tower client viewing station can deliver the performance needed at an affordable price. Equipped with the latest Intel® 9th Generation Core™ processor, and capable of providing nearly 20 percent more computing potential than previous generations, this slim and efficient client viewing station can power through any task.

The VSS-MS-1-W enables fast GPU computing with a dual-slot NVIDIA® GeForce® for high-end video processing. Video and critical data can be stored with ease with up to 14TB of storage on a video grade SATA hard drive and fast booting and application loading are enabled by a dedicated 256GB operating system SSD.

#### Keep Your Hard Drive

With Video Storage Solutions' Keep Your Hard Drive warranty, your sensitive data and hard drive never leave your control. It also helps you comply with current data privacy regulations and internal company policies by ensuring sensitive information on your hard drive is not compromised, mitigating the risk of expensive civil litigation if confidential customer data or intellectual property were to be exposed.
