

## BUILDING MANAGEMENT with Hikvision + Paxton

The seamless integration of Hikvision's full range of video surveillance products with Paxton's Net2 Access Control enables the fluid configuration of Hikvision Network Video Recorders (NVRs) and cameras to the access control system. The solution features video monitoring linked with access events, along with a user-friendly interface, enabling users to identify and address suspicious activities in a simple and more time-efficient manner. It also allows users to manage building security more easily.

Hikvision Dedicated  
Plug-in Driver

Net2 v5.04

### SUPPORTED DEVICES LIST

Paxton Net2 platform  
version: v5.01 onwards

Hikvision Network Video Recorders  
and Network Cameras
