

HIKVISION®

**Twin Engines,
Powerful And Reliable**

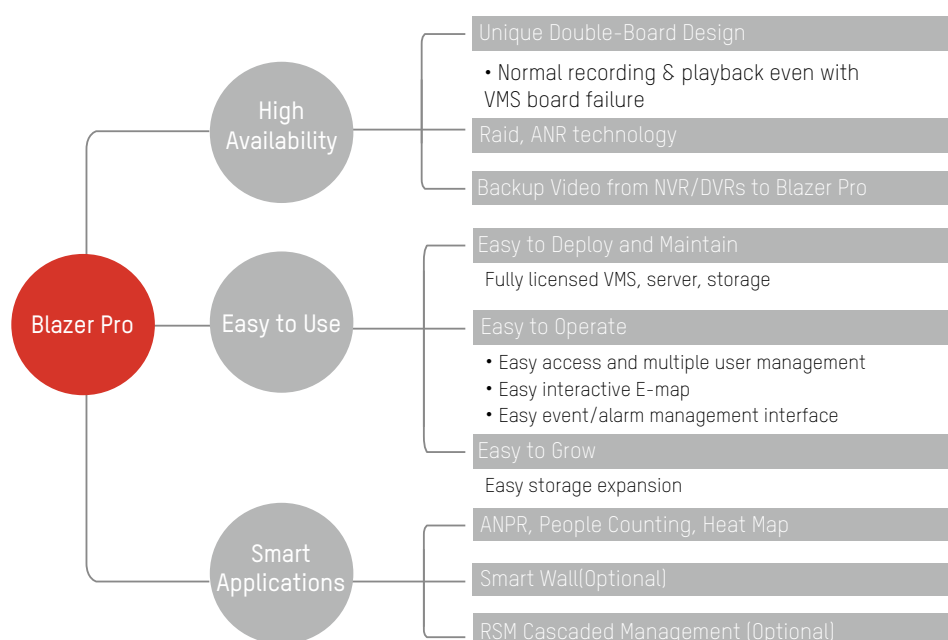

A POWERFUL, CONVENIENT AND
FAIL-PROOF VMS RECORDER
Blazer Pro All-in-One Recorder

A POWERFUL, CONVENIENT AND FAIL-PROOF RECORDER FOR VIDEO MANAGEMENT, BUSINESS INTELLIGENCE, AND DATA STORAGE

Hikvision Blazer Pro is an all-in-one Recorder that combines Hikvision's powerful video management system with data storage into one physical server unit. The Blazer Pro has what it takes to satisfy any requirement – from basic functions like recording, live view, playback, and alarm management, to optional advanced functions such as license plate recognition, people counting report. With our industry-leading double-board design and many advanced video footage and system safety technologies, the Blazer Pro meets the highest demands for features and reliability in critical installations.

With advanced and easy video management, the Blazer Pro is ideal for 128- to 256-channel, medium-sized projects, including shopping malls, buildings, casinos, etc.

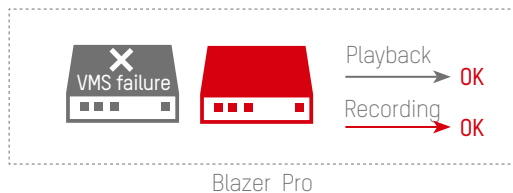

HIGH AVAILABILITY

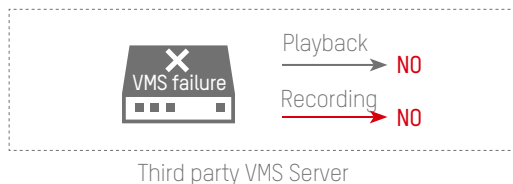

The double-board design isolates risk, radically enhancing the reliability of recorded data. The storage board works independently in the unlikely event that the main server board fails. And with RAID and Automatic Network Recovery (ANR) technology on a Linux-based system, the Blazer Pro features a wealth of redundant backup systems to safeguard the most critical surveillance applications.

■ Unique Double-Board Design

- Double board design, risk isolation, more reliable
- Storage board works independently in case of VMS Server failure
- Recording and preview, playback not affected by a VMS server failure

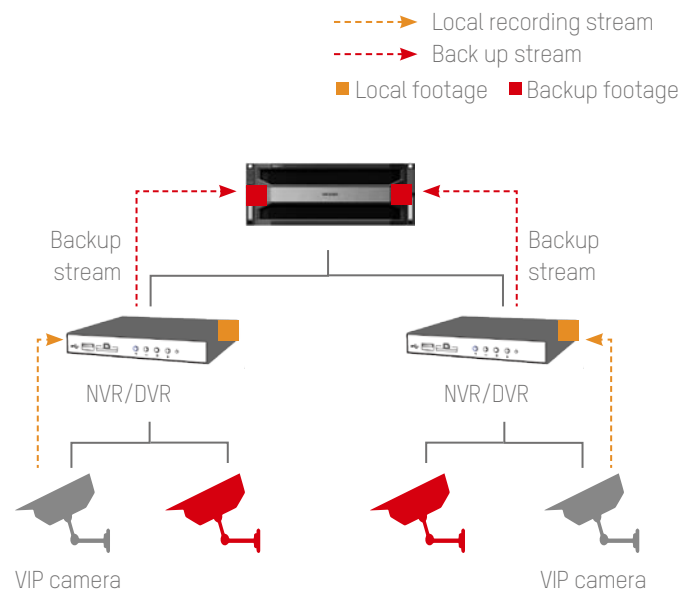

- Single board design, when VMS fails,
- Recording and play back will be not available;
- Recording of VMS failure period will be lost.

The Blazer Pro greatly enhances recording safety – perfect for critical infrastructure applications

■ Backup Video from NVR/DVRs to Blazer Pro

NVR/DVR can back up VIP camera channel recording in real time to Blazer Pro, so there will be 2 video footage of VIP cameras for safer recording.

EASY TO USE

The Blazer Pro all-in-one security station ties together everything needed for a complete surveillance system and gives users control with an easy-to-use interface. With multiple, high-performance devices converging into a single unit – including a server, storage device, video management system, and alarm control – the Blazer Pro blazes through the security setup process. Users will enjoy the convenience of a complete security system in one cost-effective component.

■ Easy to Deploy and Maintain

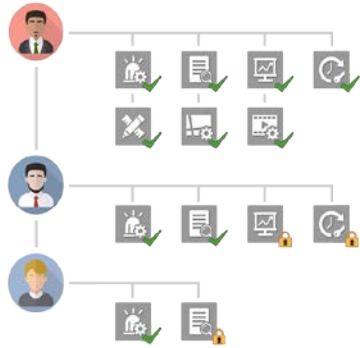

■ Easy to Access

■ Easy User Management

- Prioritize access for management and various personnel, so staff members get the appropriate authority
- Managers, operators, and users have their own rights, preventing unexpected or unauthorized operation

Windows active directory integration, let the authority management become easy

■ Easy Interactive E-map

- Friendly interface, convenient operation, real-time performance
- Easier to find the camera's view and the relevant information you need when you need it

The E-map provides easy system awareness and identification

■ Easy Alarm Management

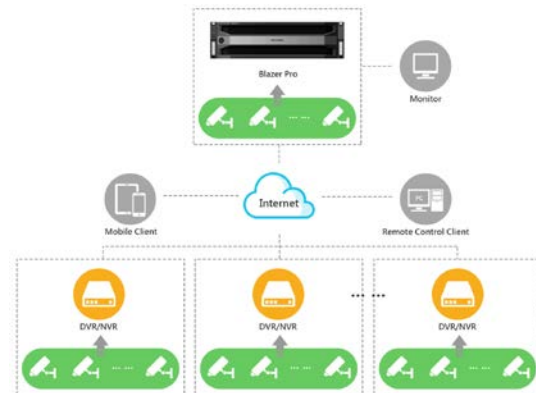

- Gather alarm information, location, and relevant video in Alarm Center in 1 screen
- Search alarm information history conveniently in the same interface

Easier alarm management. Fewer clicks get you there.

■ Easy to Manage

- Ability to manage and co-work with your existing NVR/DVRs, to form a new system;
- Easily turn your current single client NVR/IPC solution to a multi user support and centralized monitoring system.
- Ability to manage and store VIP Camera of branch cameras

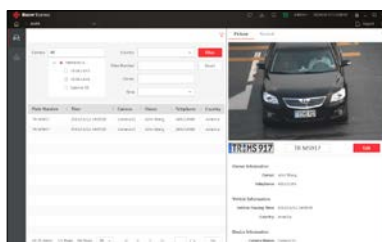

One easy interface to manage Hikvision DVR/NVR/IPC

SMART FUNCTIONS

A reliable, high-performance security system is one thing, but a security system that provides data to enhance business and produce intelligence reports? Now that's even better! The Blazer Pro sets up users with Automobile Number Plate Recognition to protect parking areas, powerful alarm management that provides location and video of events, and people-counting technology to inform business strategies. Security and intelligence come together in one Smart package with Hikvision's Blazer Pro.

■ ANPR Applications

- Group management of entrance
- SMART search based on vehicle's plate number
- Custom reporting of vehicle traffic at specified entrance

Find a specified vehicle's entrance video footage quickly when combined with barrier integration & automateVIP vehicle entrance.

■ People Counting

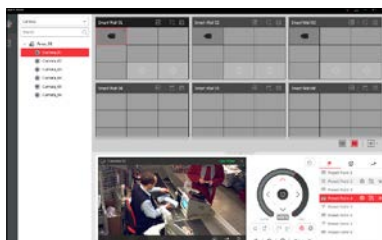

- Customer distribution reports, based on data collected from person-counting cameras in shopping areas during a specific time period, can be easily generated
- Daily, weekly, and monthly customer distribution reports contribute to improved personnel scheduling and effectively enhance marketing strategies

Use these reports to better know how your business thrives

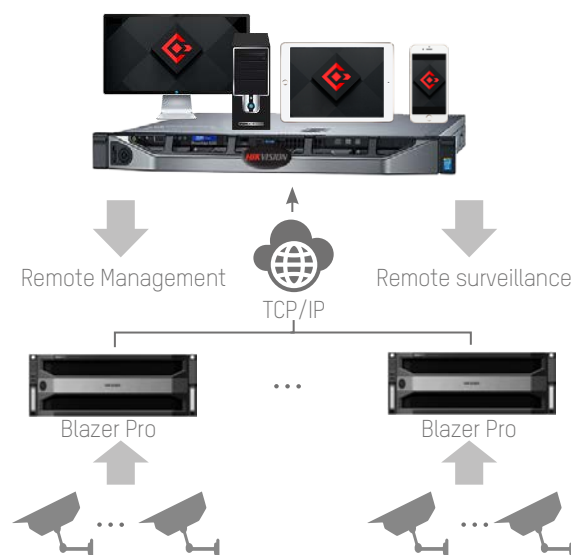

■ Smart Wall (Optional)

- Provide quick link for Smart Wall in live view and playback mode to decode the specific channel and display the image on the screen quickly. Support switching to display live view or playback in Smart Wall.
- Alarm related video can pop onto smart wall automatically according to pre-configured alarm rule.

■ RSM Cascaded Management (Optional)

Deploy a HikCentral Management Server in the center so that it can manage other Blazer Pros layer by layer.

PRODUCT FEATURES

Blazer Pro All-in-One Recorder

- Double-board design, redundant power supply for higher availability
- Multiple core 64 bit Intel® Xeon grade CPU for higher performance
- 128, 256 Camera access
- 3U chassis for 19" rack mount
- Decoding: H.265+, H.265, H.264+, H.264, MPEG4, MJPEG
- Up to 12 MP resolution support
- 16HDDs, Up to 8TB support hot swappable, embedded 128GB SSD and 1TB 2.5" HDD
- Bandwidth: 512 Mbps, 768 Mbps with RAID On
- RAID 0, 1, 5, 6, 10 support for recording
- Video management, ANPR, People Counting, Heat Map, VCAs
- Max. 100 concurrent mobile client, max. 100 concurrent control client/web client
- Smart Wall, RSM Cascaded Management (optional)

A POWERFUL, CONVENIENT AND FAIL-PROOF VMS RECORDER **BLAZER PRO** **ALL-IN-ONE RECORDER**
