

CAPTURING EVIDENCE IN THE FIELD SMART MOBILE ENFORCEMENT SOLUTION

 smart solution **2.0**

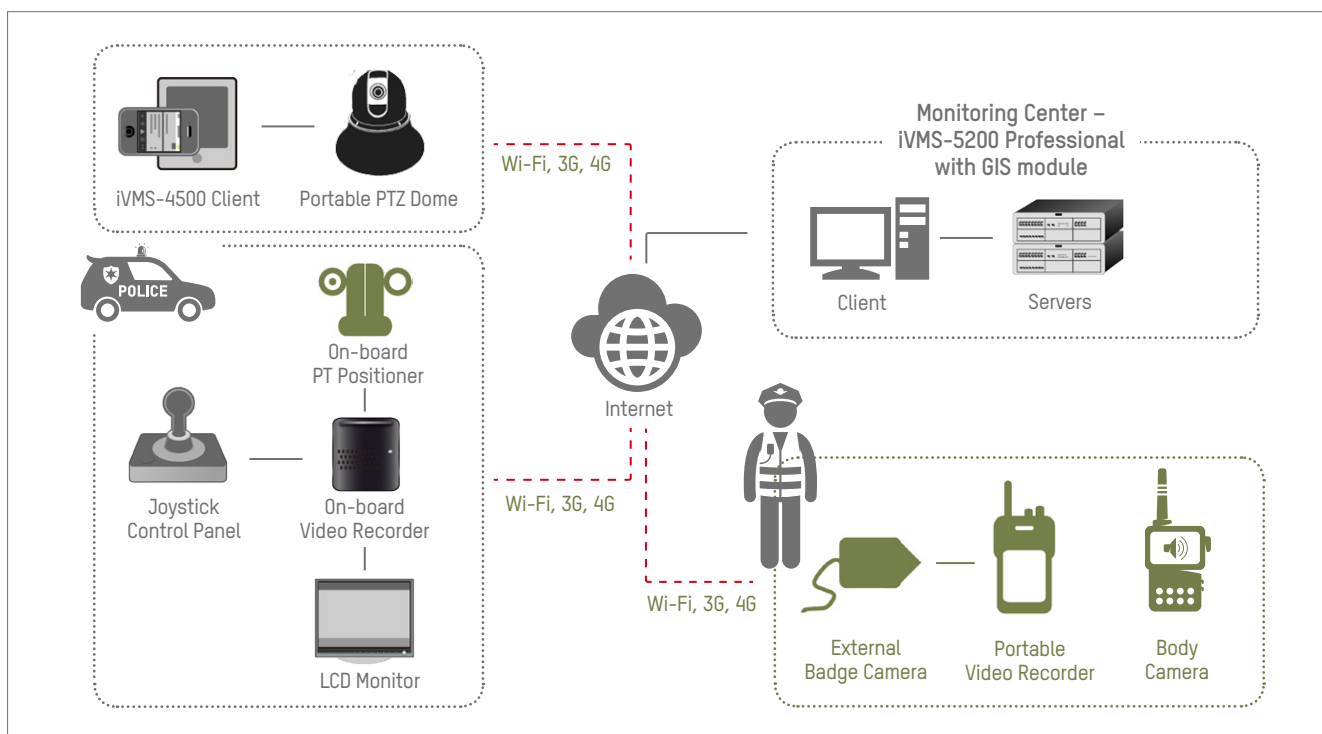

Public security and law enforcement personnel have to be in the right place, at the right time, every time. Your communication devices have to be completely mobile, as well as rugged and reliable. Permanently installed surveillance systems are great, but it can be limited in scope. In the real world, surveillance systems need to be completely mobile, too. When you need surveillance equipment and support to go where you go, you need Hikvision's Smart Mobile Enforcement Solution.

This brochure contains both products and application structures. It will guide you through our sophisticated solution for every mobile enforcement need, from construction zones to public emergencies and natural disasters. You can rely on Hikvision.

HIKVISION SOLUTION FOR SMART MOBILE ENFORCEMENT

- Police Vehicles
- Temporary Installations
- Wearable Monitoring

SOLUTION STRUCTURE

Packed with gear for emergency response vehicles, temporary security installations, wearable tech, and more, Hikvision's Smart Mobile Enforcement arms you for every situation. Keep your personnel accountable, track events for forensics, and safely secure data for Smart analysis with the world's top manufacturer of surveillance solutions working for you. When your emergency protocols go into action, Hikvision's Smart Mobile Enforcement Solution is ready, with every tool you need.

MOBILE ENFORCEMENT SOLUTIONS FOR

■ Police Vehicles

Extreme weather can cause major traffic disasters. Peaceful public demonstrations can turn into unlawful events. Earthquakes, floods, and lightning storms can interrupt power and water supplies. The unpredictability of these incidents requires civic authority personnel to be mobile, nimble, and always ready to go. And the equipment has to be just as mobile, too. Turn enforcement vehicles into temporary mobile monitoring stations and move your gear to where it's most needed with our on-board systems.

DS-MI7504-GA On-Board Enforcement System

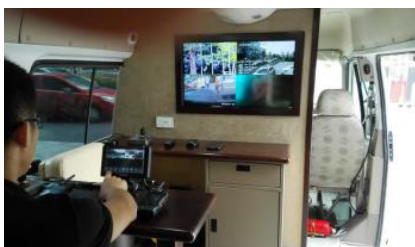

All-in-One
Surveillance Station

Instant HD-TVI
Video

Robust
On-Board Recording

An All-in-One Surveillance System

Turn enforcement vehicles into temporary mobile monitoring stations.

DS-MI7504-GA

On-Board Enforcement System

– Actual application snapshot in China

On-Board PTZ Positioner

HD720p resolution. 23X optical zoom. M12 aviation connector. IR range up to 330 feet (100m). Wiper. IP66. Pan manual speed: 0 – 60 deg./s, Pan preset speed: 100 deg./s, Tilt manual speed: 0 – 40 deg./s, Tilt preset speed: 80 deg./s.

On-Board Video Recorder

4-Channel HD-TVI video input. Up to HD720p resolution. VGA & CVBS video output. Supports 3G/4G connection. Built-in GPS sensor. 2.5-inch SATA interface. Supports pluggable HDD/SDD storage. (HDD not included)

LED Monitor

800 x 480 resolution. 7-inch screen.

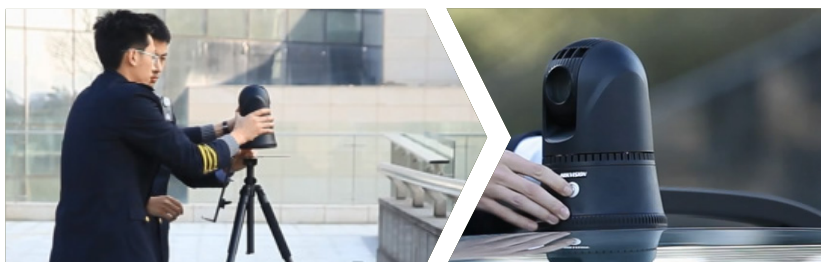

Joystick Control Panel

Shortcut keys. Function buttons. Control lock.

■ Temporary Monitoring

When permanent surveillance installations are not possible, mobile enforcement solutions have to fill in the gap. On the roads, at the public squares, in rural areas – wherever you need surveillance equipment to go, Hikvision's products will go. Tripod-mounted dome cameras, for example, reliably capture everything in view. For short-term installations, your best options are found in the Hikvision Mobile Solution.

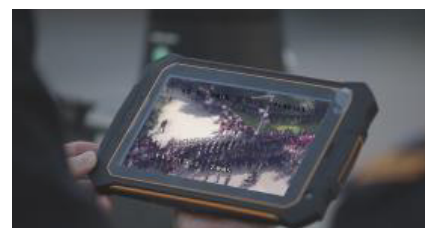

DS-MH6171 Portable PTZ

Magnetic or Tripod Mount

Built-in Battery with Extended Life

Easy Wi-Fi Connection for Operation

■ Wearable Monitoring

Rugged, wearable body cameras record activities of citizens and civil authorities as they happen. Their advanced technology, portability, and ease-of-use make them extremely effective companions for law enforcement. Equipped with GPS locators, you'll know where the emergency exists as it happens. These cameras build forensic evidence with safely stored data, and play back video footage clearly and accurately. Protect people and peacekeepers with wearable video recording devices.

DS-6102HLI-T Portable Video Recorder

- High Quality Performance
- Robust Housing
- Abundant Accessories
- Android Open Platform

DS-MH2111 Body Camera

- 2MP Video & 16MP Image
- 3G / 4G / Wi-Fi Connection
- Up to 8 Hours Operation per Charge
- Built-in IR, IP67 Housing

PRODUCT SHOWCASE

Temporary Installations

DS-MH6171
Portable PTZ Dome

- 2 MP Full HD1080p high resolution
- 30X optical zoom, 12X digital zoom
- H.264+ optimized codec to reduce storage
- Dual SD card slots, up to 128 GB for each card
- Supports Wi-Fi, 3G, 4G wireless connection
- Interchangeable Lithium battery, up to 6-hour operating time
- Alarm I/O, RS232, RS485 interfaces
- Supports Bluetooth connection
- IP66 weather-proof protection
- Up to 195 feet (60m) IR range
- Powerful magnetic base for vehicle-roof mounting
- iVMS-4500 client for remote operation

Wearable Monitoring

DS-6102HLI-T
Portable Video Recorder

- 1.2 GHz processor, 1 GB RAM, 32 GB ROM
- Up to 32 GB external TF card slot
- Up to Full HD 1080p video recording
- Android 4.1.2 Open Platform
- Up to 13 MP (4208 x 3120) image capture
- 3.5-inch LCD touch screen, 800 x 480
- Supports Mic, Bluetooth headset
- Supports HDMI for video output
- Supports 4G (FDD-LTE), 3G, Wi-Fi connection
- Supports fingerprint identification
- Built-in GPS, G-sensor, temperature sensor
- 2000mAh Lithium battery, 4.5-hour operating time
- Up to 60 hours of standby time
- IP66 weather-proof, 5-foot (1.5m) drop-proof protection

DS-MH2111
Body Camera

- Up to Full HD1080p video recording
- Up to 16 MP image capture
- 2-inch LCD screen
- Built-in IR illuminators
- Supports HDMI for video output
- Supports 4G (FDD-LTE), 3G, Wi-Fi connection
- Built-in GPS, G-sensor, temperature sensor
- 4000mAh Lithium battery, 8-hour operating life
- Up to 60 hours of standby time
- IP67 weather-proof protection

2MP External Badge Camera

Hikvision Black Label TF Card
